REAL ENGINEERING OF REAL PROBLEMS

CALENDAR/SCHEDULE ON PVIT.ORG

## Getting Down to Details

### SAVE THE DATE

Ruby's Night – Thur, October 19. Eat at Ruby's and help PVIT raise some money for CNC Training!!

### COMPUTERS

I met with the district and PVHS technology department this week to get our computing needs in order. We now have a laptop cart with 13 laptops that will be used for classes as well as engineering teams. Laptops are for use AT SCHOOL. If you need one for a competition, please see Mrs. Norris.

### LOGIN AND PASSWORD

The login for all PVIT computers (desktop and laptops) is .\43engineering (note the leading period and back-slash). The password is the same for all computers – ask someone if you do not know it! (This should be working on the laptops, although I have not tested it yet.) This will alleviate the delay when you log into your school account. Everyone should have a flash drive to save their own or team files. Files saved

to the D: drive are not deleted, but that is obviously not a safe storage solution.

### MICE

I'm looking for mice, the electronic kind! If you have a spare USB mouse or VGA cable at home that you would like to donate, we could use a few more. Thank you!

### PINK PVIT

Pink PVIT will start after the beginning of November. Stay tuned for more info...

### DIAMOND CHALLENGE

I received this from Mrs. Hoffman in the CCC – "The Diamond Challenge is a global venture concept competition open to all students around the world who have a love for entrepreneurship. It was created in 2012 by the University of Delaware. There are no stipulations to apply to the university to participate. The competition offers two unique tracks-- Business or Social Venture—and both are based on the emerging science of

evidence-based entrepreneurship, which combines academic research as well as real-world and industry best practices.

This year there is a prize pool of up to **\$100,000**. We invite your students to participate in this great event as it builds integral life skills—such as teamwork, public speaking and networking skills, plus it is a great addition to any resume and college application as well. If interested, please log onto [www.diamondchallenge.org](http://www.diamondchallenge.org).

### GOOD LUCK TO VEX TEAM

The VEX team has been meeting 4 days a week to prepare for their first competition next Sat. Good luck in this first round!

### PVIT POLO SHIRTS

Orders due by Sun, Oct 15. All info is on the form on my website [//tinyurl.com/norrispvhs](http://tinyurl.com/norrispvhs) → PVIT
